Norwegian concludes agreement to purchase 50 Boeing 737 MAX 8 aircraft

In May, Norwegian and Boeing announced an agreement in principle for the purchase of 50 Boeing 737 MAX 8 aircraft with options for another 30 aircraft. Today, Norwegian announced that the various closing conditions related to agreement have been met. Following this, Norwegian estimates that it will record a net gain of approximately NOK 2 billion in the second quarter of 2022. Additionally, Boeing and Norwegian have filed to settle all outstanding legal disputes.

“The agreement to purchase 50 brand-new and fuel-efficient aircraft

constitutes a big leap forward in the strategy to solidify our market position in the Nordics,” said Geir Karlsen, CEO of Norwegian.

Further information on the agreement is [available here](#).

About Norwegian

Norwegian was founded in 1993 but began operating as a low-cost carrier with Boeing 737 aircraft in 2002. Since then, our mission has been to offer affordable fares for all and to allow customers to travel the smart way by offering value and choice throughout their journey.

Norwegian has been voted Europe’s Best Low-Cost airline by Skytrax for six consecutive years and won Airline Program of the Year Europe & Africa at the Freddie Awards for four consecutive years. Since 2012, Norwegian has won over 55 awards for our service, product, and innovation in the industry.

We were the first airline in the world to join the UN Climate Secretariat’s climate action-initiative in 2019, pledging to work systematically to become carbon neutral by 2050.

Norwegian operates a short haul network across the Nordics and to key European destinations providing customers with excellent quality at affordable fares.
